STRATOS S3.1 MK2

MODEL DESCRIPTIONS

Heavy Technopile sweater with incredible thermal insulation and breathability characteristics. This 100% Made in Italy Technopile has amazing features in terms of comfort and mechanical resistance. The structure of the fabric is perfect for a of design such as the articles of the Stratos 3.1 family. In fact it ranks between the III level of heavy dressing with an eye to the V level thanks to the intrinsic characteristics of windproof. The new 3.1 MkII is equipped with a central YKK zip, which makes the garment very versatile, and 2 comfortable front pockets. Front and rear inserts in Cordura 500 and 2 scratch pads on the sleeves compatible with standard 5cm x 8cm patches. The 3.1 MkII follows the lines of the body in a soft way ensuring comfort and high thermal protection. Worn over the other technical layers of the Cyber line, it offers a very high margin of comfort at very low temperatures even when worn under a level IV.
